### STATION 6 LT REPORT

#### New Business:

- Fire Pump House battery issues. Batteries have been replaced, and pump is fully functional. New weekly checks are being established and implemented. Added to Saturday duties. Tony is scheduling service through Benton County Shops.
- “B-Shift” refrigerator has now stopped working as well. Freezer is still cooling so we are attempting to defrost and plug back in to see if this fixes the problem. If not, we will need another new refrigerator.
- With the departure of 3 RRV's and potentially a 4<sup>th</sup> in the next couple months, we are bringing over 2 RV's and going through a recruitment for 2 out of house RRV's that will come in with already having some certifications. More news on this process next month.
- All 3 RRV's that have accepted career positions were in ranked positions with us, so staffing over the next several months will reflect major losses to those positions. We are working to get the newest academy trained up as A/O's and have another 2 A/O's that are working towards CL.

#### RRV's:
