PLEASE NOTE THE FOLLOWING:

Total **\$17,290.00**

- Quote is valid for 30 days.
- Approval of parts list is the responsibility of the customer. Items above are custom-no returns/refunds once order is released for production.
- Quote is based on information provided. Changes to quantities, layout, materials, equipment, or additional items will result in change of cost.
- Changes, modifications, or omissions on conditions requested for contracts and/or PO terms and conditions will result in a change of cost.
- All agreements are contingent upon strikes, accidents or other delays beyond our control.
- It is the buyers responsibility to ensure that the materials received do not have freight damage and all pieces in your shipment are accounted for. If damaged, either refuse the shipment or take pictures & note the issue on the BOL. Any damage or missing pieces must be communicated to Benz Air in writing, within 15 days to allow for expeditious claims and replacements.

Re: Vehicle Exhaust

Proposal to provide labor, material, and equipment to provide HVAC as described below.

Bid Includes:

Demo existing duct
Provide and install Unistrut for new track
Provide and install new ductwork
Install owner provided track and hose
Lift

Bid Excludes:

Line voltage wiring, raceway or conduit
Structural changes or framing
Roof, wall, or ceiling patching
Concrete cutting or patching

Budget Price: \$8,600.00

Note: Santiam Heating is not providing any new equipment, hose, track or controls, warranty will be for ductwork install only.

Acceptance:

Santiam Heating guaranties workmanship and materials for a period of one year from the date of install. The warranty does not cover normal wear and tear, unusual abuse or neglect.

Note: This proposal may be withdrawn by Santiam Heating if not accepted within 30 days.
